*The establishment and installation of all driveways from public roads into private property shall be controlled by the Town of Board of Necedah, and no driveway shall be installed, altered or changed without first obtaining a permit authorizing installation change or construction of the same. Such permit for the installation for alteration or such driveway shall specify the width of the such driveway and designate the location of such driveway as well as a type of construction necessary for safe construction of such driveway. The expense for the installation of such driveway shall be paid by the owner or applicant seeking to install such driveway. Culverts (12" minimum) shall be required in all cases except in where permission thereof is especially permitted by the Town Board. All driveways shall have a minimum approach width of not less than twenty-six (26) feet at the culvert. There shall be at least eight (8) feet of gravel from the roadway not less than four (4) inches deep and a cleared passable driveway of not less than twenty (20) feet in width to provide for the passage of fire suppression equipment and ambulances. A fifty ($50.00) fee shall be charge for the issuance of the permit to install a driveway. A permit for a temporary driveway shall be exempt however they must have a permit issued. Temporary means not more than twelve (12) months.
